

## Petr Šípek Publications:

MICÓ E., MORÓN M.A., **ŠÍPEK P.** & GALANTE E. (2008): Larval morphology enhances phylogenetic reconstruction in Cetoniidae (Coleoptera: Scarabaeoidea) and allows the interpretation of the evolution of larval feeding habits. *Systematic Entomology* 33: 128-144.

**ŠÍPEK P.**, KRÁL D. & JAHN O. (accepted for publication): Description of the larvae of *Dicronocephalus wallichii bourgoini* (Coleoptera: Scarabaeidae: Cetoniinae) with observations on nesting behavior and life cycle of two *Dicronocephalus* species under laboratory conditions. *Annales de la Société Entomologique de France*.

**Šípek P.**, Grebennikov V. & GILL B. (Submitted): Afromontane *Coelocorynus* (Coleoptera: Scarabaeidae: Cetoniinae): larval descriptions, biological notes, phylogenetic analysis and polyphyly of Trichiini.

FIKÁČEK M., BÍLÝ S. & **ŠÍPEK P.**, 2008: First record of myrmecophily in buprestid beetles: immature stages of *Habroloma myrmecophila* sp.nov. (Coleoptera: Buprestidae) associated with *Oecophylla* ants (Hymenoptera: Formicidae). *Insect Syst.Evol.* 39: 121-131.

FIKÁČEK M., SKUHROVEC J. & **ŠÍPEK P.** (eds.) 2007: Abstracts of the Immature Beetles Meeting 2007, October 4-5, Prague, Czech Republic. *Acta Entomologica Musei Nationalis Pragae* 47: 287-306.

PETRŮ M., ŠPINKA M., LHOTA S. & **ŠÍPEK P.** 2008: Head rotations in the play of Hanuman Langurs (*Semnopithecus entellus*): Description and analysis of function. *Journal of Comparative Psychology* 122: 9-18.

PLUHÁČEK J., SINHA P.S., BARTOŠ L. & **ŠÍPEK P.** 2007: Parity as a major factor affecting infant mortality of highly endangered Indian rhinoceros: Evidence from zoos and Dudhwa National Park, India. *Biological Conservation* 139: 457-451.
